

THE ALL-NEW VOLVO XC90 STYLING ACCESSORIES

VOLVO XC90

“As all designers know, an elegant shape can be enhanced by the correct accessories.”

PERSONALISE YOUR XC90

We designed your XC90 to express confidence and style in every inch. It has plenty of road presence, yet it has a subtle design that grows on you as you live with it. “It’s not all spectacle – the drama of the XC90 is in the proportions and the underlying technology” says Thomas Ingenlath, Volvo Car’s Senior Vice President of Design. “And as all designers know, an elegant shape can be enhanced by the correct accessories”

That’s why we’ve created this range of XC90 styling accessories. They boost the luxurious character of your SUV and allow you to create your own unique XC90 that fits perfectly in your life. Do you seek a sophisticated, refined persona? Or do you wish to show the world a tougher, more rugged edge? With our styling accessories you’ll easily transform the appearance of your XC90 to match your personality.

CHILD SEAT, KICK GUARD

A practical dirt cover with different pockets for the child's toys, which protects the car's upholstery from dirt and stains while the child is sitting in the child seat. The kick guard is sufficiently long to protect the entire seat when the child is seated rear facing. When the child is seated forward facing in the rear seat, the dirt cover can also be used to protect the rear of the front seat.

ART. NO: 31428081 RP BD: 62.000

SUNSHADE

Fully covering sunshades that provide maximum protection for your passengers when the sun is bright and irritating. Not only do they effectively protect against heat and irritation from sunlight, they also give the car a stylish look similar to tinted windows.

The shades are uniquely tailored to the rear windows of your car, providing a more comfortable trip in strong sunlight. If the rear side windows need to be lowered during a journey, the sunshades minimize the wind noise or "booming noise" that can arise.

ART. NO: 31373978 & 31373976 RP BD: 122.000

ACCESSORIES - XC90

PROTECTIVE NET, NYLON

A practical check pattern safety net in sturdy nylon that prevents luggage and cargo from moving forward into the passenger compartment when braking hard.

The safety net should be used each time the backseat is folded down, and when large or heavy loads are transported. The net is then easily positioned in the front roof brackets. Quick and easy installation using existing brackets and mounting eyelets.

ART. NO: 31363900 RP BD: 103.000

NET, LOAD COMPARTMENT

A practical fabric net that prevents loads from moving about the cargo compartment. Manufactured in elastic material, making it easy to stow luggage underneath it.

The net is installed flat on the cargo space floor, and has an eyelet in each corner that are hooked into the tie down latches on the cargo space floor.

ART. NO: 31408760 RP BD: 42.000.

ACCESSORIES - XC90

ACCESSORIES - XC90

ISO FIX BRACKET

ISO FIX is the international standard for attachment points for child safety seats in passenger cars. By mounting this bracket, child safety seats can be quickly and safely secured in the front seat.

ART. NO: 31414901 RP BD: 44.000

VENTILATION INTERIOR, SOFTWARE

The "Ventilation Interior, software" makes it possible to ventilate the passenger compartment on a hot summer day, with fresh outdoor air, before entering the vehicle.

Set the time of your departure by using the timer in your car or by using your smartphone. Then the car's fan will start in just enough time before the departure, to ventilate and lower the temperature in the passenger compartment.

ART. NO: 31439086 RP BD: 66.000

ACCESSORIES - XC90

MUDFLAPS, FRONT AND REAR

A mud-flap that blends in well with the car's design ensures effective protection to the sides of the car from wheel splash and also minimizes water spray from following traffic.

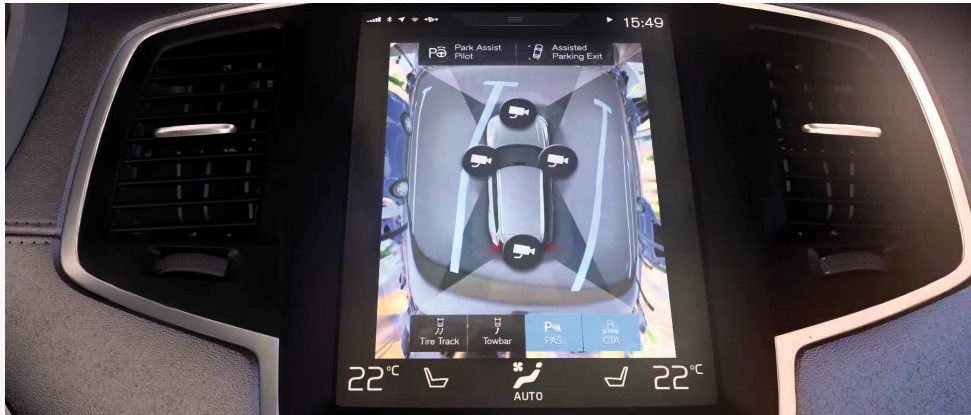

ART. NO: 31399346 & 31414645 RP BD: 96.000

ASHTRAY

A functional ashtray that can be removed, which makes it easy to clean. The ashtray is positioned in the center console in front of the gearshift. The existing rubber mat needs to be removed before installing the ashtray.

ART. NO: 31403356 RP BD: 60.000

PARKING ASSISTANCE, CAMERA, REAR CONTROL MODULE HOLDER

Increase your rear field of view when parking. Thanks to a camera installed in the boot lid, it is now possible to have "eyes in the back of your head" when parallel parking.

The camera, which is almost invisible in the boot lid, sends the image digitally to a control module in the load compartment. The screen shows the car's bumper and a large display of the area behind the car. Advanced image processing is carried out so that the image is as realistic as possible. Lines on the screen show how the car will turn depending on the steering angle. Dotted lines show the car's exterior dimensions.

The camera can zoom-in close to the car. The towbar is then visible on the screen and the system assists when reversing with a trailer.

The system is activated when reverse gear is engaged and is deactivated by disengaging reverse gear.

ART. NO: 31373636

RP BD: 288.000

LANE KEEPING AID

This extremely useful accessory ensures that the driver does not cross a lane marking unintentionally.

If the car is about to cross a lane marking without the car's turn signal being activated, the system helps the driver keep the car in its lane by gently steering it back.

If the intervention is insufficient, or if the driver drives into the other lane, he/she is warned by vibrations through the steering wheel or by a warning signal.

ART. NO: 31373432

RP BD: 288.000

ACCESSORIES – XC90

PARKING ASSISTANCE, PILOT

“Parking Assistance, Pilot” is an excellent system that makes parking and leaving a parking space extremely easy. The system is semi-automatic and can support the driver when parking and when leaving both parallel and perpendicular parking spaces, if only the distance between obstacles in front or rear is sufficiently large. The car takes over steering completely and the driver takes care of gears, acceleration and brakes. The system can also be used in manual mode with the same functions as regular front and rear parking assistance. When the driver wants to park or leave a parking space with “Parking Assistance, Pilot”, this function is activated via a button on the car’s centre console.

When parking, the car will start to scan for a space to park-in. For parallel parking a space of only 1.2 times the length of the car is enough, which is a size most drivers would not even consider to try to park in. When the space is found, the driver is asked to stop the car ahead of the space. Then it is just to follow the instructions given by the car, graphically and in text messages, when to change gear, accelerate or brake. Each time the car is 30 cm from an obstacle in front or behind, the “Parking Assistance, Pilot” asks for a gear change. When the car is parked an acknowledgment is given and control is returned to the driver.

When the driver wants to leave a parking space and has activated the “Parking Assistance Pilot”, it will start to scan the environment. The driver will then get confirmation from the “Parking Assistance Pilot” that it can help the driver to exit the car from the parking space. During the maneuver to leave the parking space, the driver will be instructed by the “Parking Assistance Pilot” and will return the control when the car is out of the parking space. “Parking Assistance Pilot” includes “Parking Assistance Front” plus four additional sensors.

ART. NO: 31414261

RP BD: 255.000

LOAD CARRIER, WING PROFILE FOR RAILS

A high quality load carrier for safe and secure transportation of roof loads. The aerodynamically shaped wing profile has been optimized to give minimal air resistance and wind noise, which makes the car journey more comfortable.

The load carrier makes it quick and easy to install Volvo's roof boxes, bicycle holder and cradle for sports equipment.

Together with the integrated torque wrench it can be easily adjusted for correct fastening, which gives increased safety and security.

ART. NO: 31373449 RP BD: 122.000

ILLUMINATED TAILGATE SCUFF PLATE

An illuminated tailgate scuff plate, which replaces the standard plate in the trunk opening.

When the tailgate is opened the tailgate scuff plate illuminates around the stainless steel insert. The LED lights in the tailgate scuff plate lightning follows the interior illumination.

ART. NO: 31439261 RP BD: 194.000

ACCESSORIES - XC90

iPAD® HOLDER + HEADREST COVER

A unique iPad® holder designed and developed by Volvo reflects the very best of Volvo's design language. The iPad® holder provides a safe and ergonomic way to use your iPad® in the rear seat.

The iPad® holder is fully tested and certified including collision testing to guarantee safe and secure fixation in Volvo vehicles. It is simple to dock and undock the iPad® and the iPad® holder. The wiring is neatly integrated through the front seat. The holder provides charging via the customer's USB cable and in addition, it will be possible to charge a telephone simultaneously via a separate USB contact in the unit's base plate.

The iPad® holder has 360° rotation and can be used either in film position or in a tilted position for typing or gaming.

ART. NO: 39840713 & 31435856 , 31435935

RP BD: 257.000

MAT, PASSENGER COMPARTMENT FLOOR, TEXTILE

Textile floor mats with rubber backing, which makes them waterproof gives effective protection for the car's interior against moisture and dirt.

The material is tufted textile, which is thick and hard wearing, ensuring high comfort and a snug impression.

Both the mats' colour and shape are matched to integrate with the car's interior. The mats are easy to install and seal tight against the floor. They are held in place with integrated clips through leak-protected installation holes, and can be easily removed and rinsed off with water.

Kit of four mats + Third row, for cars seating 7, (one mat)

ART. NO: 39832767 & 39826905 RP BD: 68.000

MAT, LOAD COMPARTMENT FLOOR, TEXTILE, REVERSIBLE

A protective mat made of high-quality textile and plastic is available in two versions: a single-piece mat for cars seating 5 and a two-piece mat for cars seating 7. The 7-seater mat can be used when the third row of seats is either upright or folded down, as the front half can simply be removed from the car.

The mat has a practical integrated dirt cover for bumper protection. It protects both the bumper and carpet from getting dirty when loading and unloading.

ART. NO: 31373971/31373970 RP BD: 63.000

ACCESSORIES - XC90

MAT, PASSENGER COMPARTMENT FLOOR, MOULDED PLASTIC

Floor mats, including a tunnel mat, for the passenger compartment floor are made of soft and flexible plastic, which have a rubber feel. They have raised edges all around, which give protection against moisture and dirt on the car's interior. The mats are easy to install and seal tight against the floor. They are fixed with integrated clips through leak-protected installation holes. The mats are easily removed and can be rinsed off with water.

Sets of five mats - four floor mats and a tunnel mat + Third row, for cars seating 7, (one mat)

ART. NO: 39832193 & 39828620 RP BD: 62.000

CENTRE CAP KIT SILVER, (SET OF FOUR)

Centre cap with the iron mark is available as an accessory.

ART. NO: 31414934 RP BD: 48.000

22" 6-DOUBLE SPOKE TECH BLACK MATT ALLOY WHEEL

This unique accessory rim is developed to fit well with the styling kits "Rugged".

ART. NO: 31373342 RP BD: 381.000

21" 10-SPOKE TURBINE POLISHED ALLOY WHEEL

This unique accessory rim is developed to fit well with the styling kits "Urban Luxury".

ART. NO: 31408489 RP BD: 438.000

ACCESSORIES - XC90

TOWBAR, FIXED

Specifically designed for the vehicle, the fixed towbar offers promised performance and safety. Even plugging in the trailer's electrical contact (-13pin) could not be more convenient with the socket being integrated into the towbar itself.

ART. NO: 31373544 RP BD: 368.000

RETRACTABLE TOWBAR, SEMI ELECTRICAL

With this retractable towbar you will no longer need to worry about reaching under the car to release or remove the towbar. By a mere push of a button, conveniently placed in the luggage compartment, the towbar releases from underneath the car. With a simple movement either by hand or foot, the towbar is moved into its locked position. Storage of the towbar is just as convenient. For added security an indicator light in the button shows that the towbar is locked. If the towbar is unlocked during driving, a warning message will be displayed in the Driver Information Module. No towbar cover is required. Even plugging in the trailer's electrical contact (-13pin) could not be more convenient, with the socket being integrated into the towbar itself.

ART. NO: 31373542 RP BD: 535.000

AN EXTRA TOUCH OF TASTE, YOUR TASTE.

We know that no two Volvo XC90 drivers are alike, and we want to give you the best opportunities to create your very own XC90. That's why we've designed a range of accessories that cater for your specific taste.

Select your favorite styling accessories and combine them as you please. To support your particular lifestyle and practical needs, our accessory range comprises a wealth of smart and well-designed solutions. Anything from roof boxes and a semi-electric tow bar, to styling accessories and holder for your sport equipment.

This choice is yours – just as it should be.
